

Merlin®
the automatic choice

tiltmaster®

The perfect power partner for tilt doors

DOOR TYPES: residential tilt and sectional doors **DOOR SIZE:** doors up to 20m²

Key Benefits

Compliant to Australian and New Zealand Standard AS/NZS 60335-2-95

Security+2.0

Transmitters communicate on multiple frequencies with encrypted rolling code. This ensures the strongest frequency is selected every time, virtually eliminating interference while providing the highest level of security.

Up to 75% less energy*

Advanced technology uses less than 1 watt of power whilst in standby mode, meeting the world's toughest energy standards.

Quiet and Powerful Motor

The powerful and fast DC motor is quiet and built to last with the strength to open any branded domestic door.

Improved Transmitter Range

Tested against other products, these transmitters have up to 18% better range which means you can start opening your garage door sooner.

Soft Start / Stop Function

Designed to ensure smooth and quiet door operation.

7 Year Warranty

Backed by a 7 year / 15,000 cycle warranty** we stand behind our products with an after sales support team that we believe are the best in the industry.

Standard Merlin Safety Features

Premium Automatic Safety Reverse

With its automatic safety function your garage door will stop and reverse automatically if obstructed going down or stop going up.

Automatic Force Sensing

Equipped with automatic force sensing, with each operation the garage door opener monitors and adjusts the force needed to open your garage door.

Manual Release

In case of power failure you can simply activate the manual release to open your garage door.

*when compared to other available products ** conditions apply

Kit Contents

1 x Powerhead

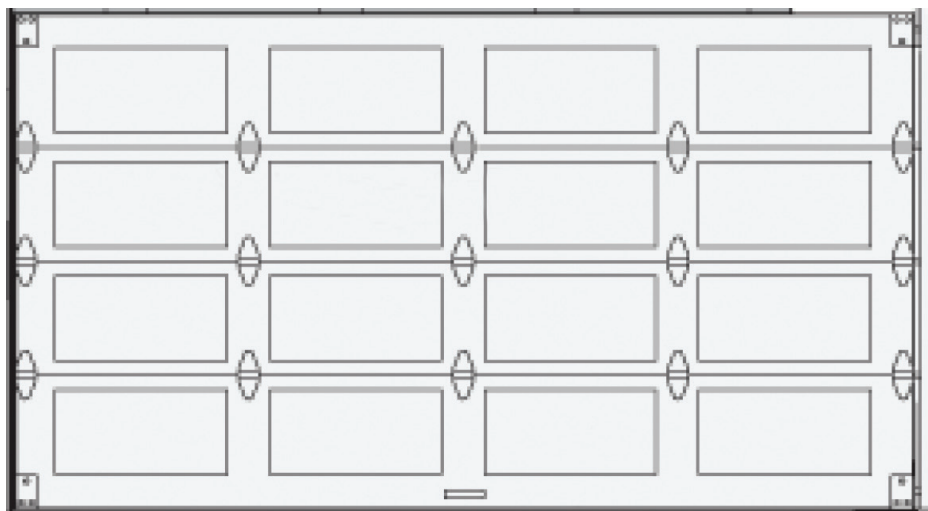

2 x Four channel key ring mini-transmitters E950M
